Subject: Effective and Efficient Evaluation Calculations

POLICY: According to Arkansas Act 1280 of 2007, Section 30, "All funds that become available for adult education shall first be distributed to those administrative units determined to be operating efficient and effective adult education programs, under criteria established by the State Board of Workforce Education and Career Opportunities. The criteria shall include the relative efficiency of administration of the program in the counties served and achievement of the federal performance indicators."

To be considered effective and efficient, local adult education programs and literacy councils receiving adult education funds will be required to meet or exceed 80% of the negotiated core indicators of performance. Programs not meeting 80% of the negotiated core indicators of performance in the first year will be required to submit an improvement plan. The improvement plan will address each core indicator of performance that was not met and will include measurable objectives for correcting deficiencies during the following year. State program advisors will provide technical assistance to each program submitting an improvement plan and closely monitor programs during the year. Core indicators of performance are defined in the federal Workforce Investment Act of 1998, Title II, the Adult Education and Family Literacy Act (AEFLA); however, using the core indicators as criteria for effective and efficient evaluations and imposing an 80% minimum score is a state decision.

Programs that do not meet at least 80% of their negotiated core indicators of performance for a second consecutive year will be assigned a state technical assistance team to assist the program in addressing its deficiencies. The team members may include but not be limited to state and local staff, administrators, teachers and students. Quarterly progress reports will be submitted by the program being monitored to the Adult Education Division describing the progress being made to bring the program into compliance with core indicators. Programs not achieving 80% of their negotiated core indicators of performance for three consecutive years will be submitted to the State Board of Workforce Education and Career Opportunities for appropriate action prior to continuation of funding.

Subject: Service Delivery Area

POLICY: Adult education programs receiving state or federal funding for a designated service area or county are not to cross into counties or other designated service areas where there is an established adult education program without a written memorandum of understanding between the programs. The Adult Education Division must approve this agreement.

INFORMATION/RATIONALE: Funding for local adult education programs is based on census data intended for a designated area or county. Funds must be spent in the designated area or county for which the funds were provided. To ensure that each service area or county receives adequate adult education services and to avoid duplication, it is essential that each local program stay within its designated area.

REVISED DATE: NOVEMBER 15, 2008

Subject: Distribution of State Funds

POLICY: According to Arkansas Act 1280 of 2007, Section 30, , “All funds that become available for adult education shall first be distributed to those administrative units determined to be operating efficient and effective adult education programs, under criteria established by the State Board of Workforce Education and Career Opportunities. The criteria shall include the relative efficiency of administration of the program in the counties served and achievement of the federal performance indicators. The State Board of Workforce Education and Career Opportunities shall promulgate rules and regulations for the distribution of funds in accordance with criteria to be determined by the Board. In distribution of funds to local units the board shall consider the literacy rate in each county and performance in meeting state and federal performance indicators. For the purposes of this section, the term ‘literacy rate’ shall be determined by the number of adults completing less than the twelfth grade as reported by the most recent decennial federal census. Unallocated funds will be redistributed based upon need as determined by the State Board of Workforce Education and Career Opportunities.”

INFORMATION/RATIONALE: Procedures set forth in Arkansas Act 1280 of 2007, Section 30, govern distribution of all state adult education funds.

Subject: Direct and Equitable

POLICY: Direct and equitable access to all federal funds will be provided to local educational agencies, community-based organizations of demonstrated effectiveness, volunteer literacy organizations of demonstrated effectiveness, institutions of higher education, public or private nonprofit agencies, libraries, and public housing authorities, nonprofit institutions that have the ability to provide literacy services to adults and families; or consortia of the agencies, organizations, institutions, libraries, or authorities described according to Section 203 (5) of Title II of the Workforce Investment Act of 1998, AEFLA. In order to provide direct and equitable access to all adult education federal funds provided under the Title II of the Workforce Investment Act of 1998, the Adult Education Division shall award funds on the basis of competitive applications submitted by eligible recipients. Direct and equitable access includes: (1) all eligible providers have direct and equitable access to apply for grants or contracts under this section; and (2) the same grant or contract announcement process and application process is used for all eligible providers in the State or outlying area.

INFORMATION/RATIONALE:

Relevant sections of federal law and regulation: Workforce Investment Act of 1998 (P.L. 105-220), Title II, The Adult Education and Family Literacy Act (AEFLA), Sections 231(C) and 203(5).

REVISED DATE: NOVEMBER 15, 2008

Subject: Correctional/Institutional Federal Funding

POLICY: Grants for correctional/ institutional education shall be awarded and used according to the guidelines as stated in the Workforce Investment Act of 1998. Not more than 8.25% of federal funds allotted to a state for adult education activities shall be used for corrections education and education for other institutionalized adults.

Local program operators will be charged with the responsibility of designing, developing, and implementing instructional programs. Various activities will be undertaken which will be designed to include--but not be limited to--basic education, special correctional and institutional education programs, and English literacy programs.

INFORMATION/RATIONALE:

Relevant sections of federal law and regulation: Workforce Investment Act of 1998 (P.L. 105-220), Title II, The Adult Education and Family Literacy Act (AEFLA), Sections 222 (a) and 225.

Subject: Tuition, Fees, and Other Charges

POLICY: Adults enrolled in Arkansas adult education programs will not be charged tuition or fees. Adults enrolled in adult basic education will not be required to purchase any books or any other materials needed for participation in the program.

INFORMATION/RATIONALE: The Arkansas State Unified Plan states the strategy to serve those populations most in need will focus on populations as listed in the federal Workforce Investment Act of 1998 (P.L. 105-220), Title II, The Adult Education and Family Literacy Act (AEFLA), Section 224 (b) (10).

Subject: Purchase/Disposal of Equipment

POLICY: Equipment can be purchased by local adult education programs with adult education funds disbursed by the Adult Education Division. Prior to purchasing any equipment with adult education funds, written approval must be secured from the Adult Education Division. The local education agency (LEA) will only use the equipment for the purpose(s) for which it is acquired or for other allowable adult education use.

Once equipment is purchased, inventory procedures as stated in the most current revision of the Adult Education Inventory Control Form are to be followed by local programs. Since the inventory record is of a permanent nature, numbering should continue consecutively, year after year, rather than starting a new series each year. All equipment that is purchased with adult education funds will remain the property of the state Adult Education Division.

Equipment inventories should be updated as equipment is purchased and submitted to the Adult Education Division at the end of the program year.

Inventory must be disposed of using the Adult Education Inventory Transfer/Disposal Form. Procedures for inventory transfer/disposal are noted on the form.

INFORMATION/RATIONALE: Programs must have authorization to purchase equipment as needed. In order to track location and use of equipment purchased with adult education funds, proper inventory procedures must be followed.

Subject: Recruitment and Retention Plans

POLICY: Programs receiving state and federal adult education funds will develop and implement recruitment and retention activity plans. A special effort will be made to recruit and serve those most in need as defined by the Workforce Investment Act of 1998 as low-income students, individuals with disabilities, single parents, displaced homemakers, and individuals with multiple barriers to educational enhancement including those with limited English proficiency. Recruitment/retention activities will include – but not be limited to – a close working relationship with other agencies serving persons eligible for adult education services and efficient utilization of local media. Student retention can be enhanced by follow-up on absenteeism.

INFORMATION/RATIONALE:

Programs receiving state and federal adult education funds must develop and implement recruitment activities so students are aware of available services. In order to ensure that students make substantial learning gains and meet their goals, they must remain in programs long enough to accomplish these gains and goals. While this is a state-imposed requirement, it relates to various definitions and activities under the Workforce Investment Act of 1998 (P.L. 105-220), Title II, the Adult Education and Family Literacy Act (AEFLA), Section 203 and Section 224 (b) (10).

Subject: Enrollment Policy: Minimum Age Adult Education

POLICY: Arkansas Code Annotated (ACA) § 6-18-201(a), concerning the age for compulsory attendance for school enrollment, is that “Under the penalty for noncompliance as shall be set by law, every parent, guardian, or other person residing within the State of Arkansas having custody or charge of any child age five (5) through seventeen (17) ... shall enroll and send the child to a public, private, or parochial school or provide a home school for the child...”

Under special circumstances, persons 16 or 17 years of age may be enrolled in adult education programs in accordance with Arkansas Act 1659 of 2001 and Act 604 of 2003.

Public schools shall not release a student making application to the school district for a waiver until the adult education program agrees in writing to serve that student. A local school district may grant a waiver of attendance requirement to any student age 16 or 17 to enroll in an adult education program only after all of the following requirements have been met:

- 1) The student makes formal application to the school district for a waiver to enroll in an adult education program;
- 2) After formal application and prior to any further action on the application, the student shall be administered either a Test for Adult Basic Education (TABE) or an official General Educational Development (GED) practice test under standardized testing conditions by a designated K-12 public school official other than adult education personnel;
- 3) If administered the TABE test (Level A, Forms 7, 8, 9, or 10 Complete Battery), the student shall score 8.5 or above on all sections. If administered the official GED practice test, the student must score a minimum of 450 on each section and a minimum composite score of 490;

Note: Such minimum test scores shall not be required of any student who is subject to the attendance requirement of this policy but was not enrolled in any school district during the previous school year;

- 4) The student and the student’s parents, guardians, or persons in loco parentis meet with the school counselor to discuss academic options open to the student;
- 5) The school district determines that the student is a proper candidate for enrollment in adult education, contingent upon approval by the appropriate adult education program;

- 6) The adult education program reviews the student's school and testing records and agrees to admit the student into the program;
- 7) The adult education program shall report attendance of all 16 and 17 year old enrollees to the sending school district on at least a monthly basis;
- 8) The adult education program shall require for continued enrollment a minimum of 20 hours per week of class attendance and instruction. A minimum of 10 hours of attendance per week shall be required for any student who is employed for 30 hours or more each week;
- 9) The student, the student's parents, guardians, or persons in loco parentis, and the administrative head of the adult education program agree in writing that the student will attend the requisite number of hours per week and maintain appropriate conduct as outlined in the local adult education program student handbook;
- 10) In the event that a more appropriate assessment test or testing and assessment mechanism shall be developed to determine a reasonable level of competency for success at the adult education level, that test or mechanism shall be substituted, with the approval of the Adult Education Division, for the tests required in this policy;
- 11) If the student does not attend class as mandated in this policy or make reasonable progress toward the completion of the adult education curriculum, the student shall re-enroll in the public schools within five days from the date the student is released from the adult education program.

Note: The above requirements shall not apply to students enrolled in a private, parochial, or home school in the state.

Note: Under ACA §6-18-201, any person age sixteen or seventeen who has received a high school diploma or its equivalent as determined by the State Board of Education is not subject to the compulsory attendance requirement.

INFORMATION/RATIONALE: The ages established for compulsory school attendance by Arkansas Act 292 of 1991 are ages five through seventeen, both inclusive. This Act allows, after certain provisions have been met, for persons age 16 or 17 to enroll in adult education programs. Arkansas Acts 1659 of 2001 and Act 604 of 2003 detail the process that must be followed and requirements that must be met to allow persons age sixteen or seventeen to enroll in adult education programs.

Relevant sections of federal law and regulation: Workforce Investment Act of 1998 (P.L. 105-220), Title II, The Adult Education and Family Literacy Act (AEFLA), Section 203(1). "Adult Education means services or instruction below the post-secondary level for individuals who have attained sixteen years of age; (and) who are not enrolled or

required to be enrolled in secondary school under State law.”

Subject: Enrollment Policy:
Private, Parochial or Home School Minimum Age

POLICY: Arkansas Code Annotated (ACA) § 6-18-201(a), concerning the age for compulsory attendance for school enrollment, is that “Under the penalty for noncompliance as shall be set by law, every parent, guardian, or other person residing within the State of Arkansas having custody or charge of any child age five (5) through seventeen (17)... shall enroll and send the child to a public, private, or parochial school or provide a home school for the child....”

Under special circumstances, persons 16 or 17 years of age may be enrolled in adult education programs in accordance with Arkansas Act 1659 of 2001 and Act 604 of 2003.

Students age 16 or 17, enrolled in a private, parochial or home school, who desire to enroll in an adult education program shall meet the following requirements:

- 1) Students shall apply for enrollment to the adult education program;
- 2) A student enrolled in a private or parochial school shall provide a letter from the principal or administrator of the private or parochial school to verify enrollment; and shall score 8.5 grade level or above on the Test of Adult Basic Education (TABE) (Level A, Forms 7, 8, 9, or 10, Complete Battery) or a minimum score of 450 on each section and a minimum composite score of 490 on the official practice General Education Development test.
- 3) A student who is home schooled shall provide a notarized copy of the notice of intent to home school that was provided to the superintendent of the local school district as required by ACA §6-15-503;
- 4) The student and the student’s parents, guardians, or persons in loco parentis shall meet with the appropriate staff of the adult education program to discuss academic options open to the student;
- 5) The adult education program administrators shall review the student’s school and testing records prior to allowing admission to an adult education program;
- 6) The adult education program shall require, for continued enrollment, a minimum of 20 hours per week of class attendance and instruction. A minimum of 10 hours of attendance per week shall be required for any student who is employed for 30 hours or more each week;
- 7) The student, the student’s parents, guardians, or persons in loco parentis, and the administrative head of the adult education program agree in writing that the student will attend the requisite number of hours per week and maintain

appropriate conduct as outlined in the local adult education program student handbook;

- 8) In the event a student does not attend class as mandated in this policy or make reasonable progress toward the completion of the adult education curriculum, the student shall re-enroll in either a public, private, parochial or home school within five days from the date the student is released from the adult education program;
- 9) If a home school student is accepted into an adult education program, the student's parent, guardian or person standing in loco parentis shall send written notification to the local public school superintendent of their intent to participate in the adult education program.

Students age 16 or above, enrolled in a private, parochial or home school, who desire to take the General Educational Development Tests shall meet the following requirements:

- 1) Students shall not be required to obtain permission or approval from any official in a public school district before being allowed to take the test;
- 2) A student enrolled in a private or parochial school shall provide a letter from the principal or administrator of the private or parochial school to verify enrollment;
- 3) A student enrolled in a home school shall provide a notarized copy of the notice of intent to home school provided to the superintendent of the local school district as required by ACA§6-15-503.
- 4) A student enrolled in a private, parochial or home school must achieve at least the minimum official General Educational Development practice test scores.

Note: Under Arkansas Code Annotated (ACA) §6-18-201, any person age sixteen or seventeen who has received a high school diploma or its equivalent as determined by the State Board of Education is not subject to the compulsory attendance requirement.

INFORMATION/RATIONALE: The ages established for compulsory school attendance by Arkansas Act 292 of 1991 are ages five through seventeen, both inclusive. Subject: Standardized Testing Instruments

POLICY: Only the following state, National Reporting System for Adult Education (NRS), and Division of Adult Education and Literacy (DAEL) approved standardized tests will be utilized for pre-test, post-test, and continued student assessment for adult education students: Test of Adult Basic Education; Basic English Skills Test*, and Comprehensive Adult Student Assessment System (Life Skills Assessment for ESL only). Other NRS/DAEL-approved standardized testing instruments, forms and versions may be used with the written approval of the Deputy Director of Adult Education. Different forms of the same test must be used for the pre-test and the post-test. Local programs will pre-test and place all students into an educational functioning level (EFL) at intake or shortly after intake, within the first 12 hours of instruction.

Post-testing of adult learners is to measure performance and completion of an educational functioning level. Within the fiscal year, students should be post-tested after a minimum of 60 hours of instruction, when exiting the program, or at the discretion of the instructor. Students should be assessed within 180 calendar days (defined as weekdays, weekends, and holidays) after the previous assessment to reflect a more current measurement of performance.

A complete description of the adult education assessment procedures can be found in the “Arkansas National Reporting System Guidelines.”

INFORMATION/RATIONALE: The levels of performance will be expressed in an objective, quantifiable, and measurable form and will show the progress of the state toward continuously improving in performance. According to the National Reporting System for Adult Education Implementation Guidelines, states must require local programs to measure educational gain with standardized assessments that are appropriate for measuring educational gain within the NRS framework and conform to accepted psychometric standards for validity and reliability.

Subject: Reporting of Student Data

POLICY: Any person meeting the minimum age and educational functioning level restrictions as mandated by the Adult Education Division and the state compulsory attendance age requirements (Arkansas Act 1659 of 2001 and Act 604 of 2003) may be reported as a participant in an adult education program provided that either federal or state adult education funds are used to support that individual's participation in the program.

Enrolled Students: An individual is considered enrolled in adult education upon completion of 12 hours of contact. According to the National Reporting System for Adult Education, contact hours may include: hours of instruction or instructional activity the learner receives from the program. Instructional activity includes any program-sponsored activity designed to promote student learning in the program curriculum such as classroom instruction, assessment, tutoring or participation in a learning lab.

Served Students: For state-reporting purposes, an individual is considered served by adult education when the individual has registered to participate in adult education activities and has received at least one contact hour of instruction as defined above.

INFORMATION/RATIONALE: The National Reporting System for Adult Education Implementation Guidelines requires that the Adult Education Division collect and report accurate data which reflects the number of persons whose basic skills education is supported by either federal or state education funds. Local programs must report as a participant any eligible individual whose educational training is supported by adult education.

Subject: Salaries for Adult Education Personnel

POLICY: All full-time adult education personnel employed on the local level shall be paid a salary equivalent to the LEA salary scale. Pay for a part-time instructor is to be determined by the LEA but will not exceed \$25.00 per hour with adult education funds. Pay for a substitute instructor is to be determined by the LEA but will not exceed \$25.00 per hour with adult education funds.

Pay for part-time paraprofessionals with adult education funds will not exceed the following:

Paraprofessionals with a high school diploma/GED	maximum of \$10.00 per hour
Paraprofessionals with an associate's degree	maximum of \$12.00 per hour
Paraprofessionals with a bachelor's degree	maximum of \$16.00 per hour

Program directors will have the flexibility of setting beginning hourly wage and a system of increasing increments.

Copies of licenses, diplomas and other credentials must be submitted to the Adult Education Division for approval prior to beginning of employment or expenditure of Adult Education funds. Local Adult Education administrators and licensed personnel are responsible for maintaining current credentials. Adult Education funds may not be expended for personnel once a license expires. There will be no retroactive pay with Adult Education funds once the license is renewed.

INFORMATION/RATIONALE: The Arkansas Adult Education Division requires those employed on a full-time basis be paid a salary equivalent to the LEA salary scale.* In order to attract and retain quality part-time education personnel, it is necessary to pay hourly salaries competitive with those paid to other part-time instructors and paraprofessionals in the LEAs based on education and experience.

POLICY: All adult education directors/coordinators newly employed after April 18, 2003, and paid with adult education funds, must have a minimum of a master's degree in education, administration, or related field. If not already licensed in adult education, administrators must become licensed in adult education by the Arkansas Department of Education, Professional Licensure, within four years of the date of initial employment as an adult education administrator. It is preferable that the applicant has five years experience as a teacher and/or administrator in adult education or a related field.

Adult education directors/coordinators not paid with adult education funds must meet the qualifications of the local education agencies' personnel policies.

INFORMATION/RATIONALE: In order for adult education programs to be operated effectively, the Arkansas Adult Education Division requires that administrators have the relevant experience and credentials.*

Subject: Serving Adults With Student or Tourist Visas

POLICY: Nonimmigrant adults who enter the United States on either a Student Visa (F-1) or a Visitor Visa (B-1 for Business, or B-2 for Pleasure) may not be allowed to enroll in adult education or literacy programs that receive public funds from either federal or state tax dollars.

INFORMATION/RATIONALE: According to Section 625 of the Illegal Immigration Reform and Immigrant Responsibility Act of 1996, students with F-1 visas may not study in publicly supported educational institutions unless they can reimburse the program the full cost of the services. Since Arkansas adult education and literacy programs may not charge for services, students cannot reimburse the programs and, therefore, may not enroll. According to United States Visa Services, adults who enter the country on a visitor visa are not eligible to study in any educational program or institution.

SPECIAL PROVISION: If a person enters the United States on a visitor visa and if that person is the relative of someone who is a permanent resident in the local program's community, then that person may enroll in adult education and literacy classes for the limited time of the person's visitor visa if there is space available in the classes.

EFFECTIVE DATE: APRIL 18, 2003

Subject: Travel Policy

POLICY: Local programs funded with state or federal adult education funds must adhere to Arkansas Department of Finance and Administration guidelines when requesting travel reimbursement. This includes reimbursement for mileage, lodging, meals, etc. Late registration fees for conferences or workshops are not allowable.

INFORMATION/RATIONALE: The travel policy for state agencies is mandated by the Arkansas Department of Finance and Administration, and the Adult Education Division has adopted these guidelines for local grantees.

Subject: Workplace Waivers for Adult Education Teachers

POLICY: The Adult Education Division requirement that full-time, part-time, and substitute adult education teachers hold a current teacher's license may be waived for adult education classes taught at a business or industry, when such classes are asked to be created for the employees of that business or industry. If the adult education program director is unable to find a licensed teacher for such classes, he/she may submit a written request for a workplace waiver for a non-licensed instructor to teach the classes. The non-licensed instructor should have sufficient qualifications and experience to teach the workplace classes successfully. The classes should be conducted at the work site, but if there is no space at the work site for such classes, then the classes may be held at an Adult Education site. If the classes end, or if the instructor with the workplace waiver is reassigned to another workplace class, the Adult Education Division should be informed of any changes in the teaching assignment. Waivers will be issued only for the current program year, and new waivers must be applied for each program year.

INFORMATION/RATIONALE: Since there is a shortage of licensed teachers in the state, and because of logistical difficulties finding licensed teachers to work in business and industry, the Adult Education Division may issue waivers for non-licensed instructors to teach workplace adult education classes requested by business and industry.
